

How do I get into the church?

When you come to church on Sunday, you'll find three entrances which you can use. Off of our parking lot, there are two sets of doors. The large red doors go into the fellowship hall, which leads right into the sanctuary. The glass doors on the north side of the building open into a handicap accessible ramp which also leads right to the sanctuary. The third set of doors located at the front of the church building will be unlocked on Sunday mornings. But rest assured, when you do come, we have signs posted and greeters willing to help you find what you're looking for.
