

## **Longest Night**

The Longest Night service is a mid-week evening worship service held at Laingsburg UMC. This service allows us the time to recognize the reality that Christmas can be a bittersweet time for many of us, especially as we begin to reflect and remember amidst the holiday cheer. With all of the excitement around family, friends, and loved ones, for many people, this excitement serves only as reminder of what we've lost, miss, and perhaps never had. Whatever pain we experience in life, somehow it always seems magnified this time of year.

So as we experience the longest night of the year, you are invited to experience the comfort and healing love of God in this service of meditation, silence, singing, prayer, and of course healing. Come as you are as we prepare our hearts for the joy-renewing birth of Christ to come at Christmas.
